ABC's of Technology — Wi-Fi Signal Path

Trace how Wi-Fi connects a router to devices.

1. Find the Router

Circle the Wi-Fi router.

2. Laptop Path

Draw a dotted line from the router to a laptop.

3. Mobile Path

Draw a dotted line from the router to a tablet or smartphone.

4. Printer Path

Draw a dotted line from the router to a printer.

Your Turn

Draw, circle, trace or write your answer in the space below.
